

# PLUSCO

## Product Data Sheet

### **PLUSCO 126** **Lead Base Drill Collar Compound**

**PLUSCO 126** is manufactured according to API recommendations for a drill collar compound. It contains 65% pure metallic lead in a premium petroleum base composition. It also contains “PLUS-EX”, a special additive, which provides a uniform coating of compound and prevents lead build-up.

**PLUSCO 126** is recommended for use on drill collars, casing, tubing, gas connections, well-heads, or other areas where lead compounds are desired. **PLUSCO 126** is water resistant, will adhere to wet joints, will withstand extreme pressures, and is brushable over a wide temperature range.

PLUSCO, Inc., P.O. Box 7953, Houston, Texas 77270

Warranty: Because the conditions of use and the supervision of application are beyond the control of Plusco, Inc., we assume no liability for any product failure or other damage beyond the purchase price of the material furnished by us.
