

PLUSCO

Product Data Sheet

PLUSCO 950
Bio-Klean
(Biodegradable Cleaner & Degreaser)

PLUSCO 950 is a concentrated heavy-duty biodegradable liquid degreaser. It is formulated with a balanced blend of surfactants, mild solvent emulsifiers, detergents and other grease dissolving agents. **PLUSCO 950** contains no harsh reacting caustics and attacks soiled surfaces through breakdown and penetration allowing the soiled residue to be easily rinsed away with water leaving no residue on the cleaned surface. Wash-down residues will not result in surface contamination.

PLUSCO 950 is designed to remove tacky grease splatter, waxy and oily residues, drilling muds and various types of road film from wireline tools, trucks and other equipment. It is also recommended for the cleaning of grease injection equipment including cable lubricators and grease injection pumps. **PLUSCO 950** leaves no streaks or film residues on surfaces after drying and is recommended for cleaning of wireline vehicles. **PLUSCO 950** is especially effective on vegetable oils and other kitchen greases where products without caustic fail.

Applications: Depending on the surfaces to be cleaned various concentrations of **PLUSCO 950** is recommended. Equipment heavily soiled with wireline grease seal use concentrations of 1 to 3 diluted with water. For normal cleaning jobs use concentrations of 1 up to 10 diluted with water.

TYPICAL SPECIFICATIONS

Color	Aqua Blue
Appearance	Clear
Odor	Mild Citrus
PH	11.2 Avg.
Specific Gravity @ 77° F	1.02
Density Lbs. / Gal.	8.50
Flash Point T.O.C. °F	24° F
Viscosity Brookfield @ 77° F	5 Cps.
Solubility In Water	100% Complete
Benefits	Non-Contaminating Biodegradable Safe
